

SUPPORTING THE SINGLE PARENT ASSOCIATION

Back-to-school costs can be expensive, especially for single parent homes. Always pleased to help community members overcome challenges, **Public Service Credit Union** has launched a campaign to help SPAN fill the backpacks of school-aged children in our area.

The suggested donation for our colourful backpacks is \$1.00 but, of course, any amount is appreciated. We'll also gladly accept backpacks and/or school supplies.

Don't delay! Donations are needed by **August 26th**!

We are also very pleased to partner with Kwik Kopy. Tony Cox and his team have generously donated their time and printing costs to produce the campaign collateral and we couldn't be happier to work with this dedicated and professional group.

School + Empty backpacks = Many sad faces.

HOWEVER

Together, we can change the equation!
