

# AWARD CONTRIBUTION REPORT

For the Academic Year – Sept 2018 to May 2019

Public Service Credit Union

*Education is our passport to the future,  
for tomorrow belongs to the people who  
prepare for it today.*

Malcolm X

# Our Partnership

Partnerships at CNA are foundational to student success. Awards help students by decreasing debt load, recognizing personal student effort and achievement and are particularly important for employability.

**Public Service Credit Union** continues to partner with the Alumni and Advancement office to provide students important support to engage and assist them as they move forward with their educational pursuits. The work you do is as important today as it ever was as students must continue to find ways to be successful in meeting and exceeding all their educational and career goals.

Awards matter. Students benefit from direct financial aid and long-term recognition. Our tuition structure remains competitive and we are committed to keeping it that way. Together with your support, CNA and **Public Service Credit Union** has a great formula to support students and ensure their success.

We are very thankful for your support and we look forward to strengthening our partnership into the future.

Every day, thousands of students pursue their dreams at College of the North Atlantic, building a better future for them and their families, and ensuring we have the skilled workforce we need to advance the economic and social development of Newfoundland and Labrador.

Realizing those dreams relies heavily on the generosity and vision of donors. Forward thinking and engaged organizations and individuals provide financial support for scholarships and awards, in kind support, experiential learning opportunities, and gifts of facility and equipment upgrades.

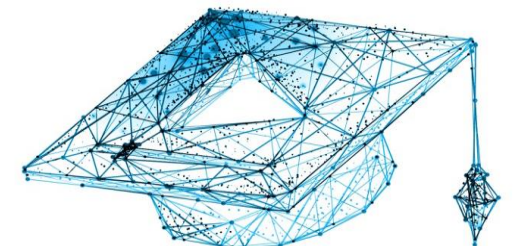

At CNA, we are grateful for all of those partnerships – partnerships which enable us to deliver the best possible learning experience to all those who need it.

*Bruce Hollett, President & CEO, College of the North Atlantic*

# Thank You!

In the words of this year's award recipient,

*"I am honored to have been one of the recipients of a CNA Bursary. The bursary has given me the opportunity to face new challenges and has financially helped me along the way. Thank you personally for your generosity and without award patrons willing to support the education of students, such as myself, we would be unable to pursue our educational dreams."*

*(2018/19 Award Recipient)*
